PROFILE

Hello, I'm Mark - a UI/UX Designer with strong experience across creative design and front-end development. I specialise in building and implementing design systems that streamline workflows and improve efficiency. I'm able to see the full picture of a problem and translate it into simple, effective solutions. I bridge the gap between stakeholders, designers and developers, turning complex requirements into clear, user-centred products.

EDUCATION

2009 - 2012
DE MONTFORT UNIVERSITY
- 2:1 - BA Graphic Design

2018 - 2019
SUFFOLK COLLEGE
- Merit: Art Foundation

2016 - 2018
FRAMLINGHAM COLLEGE
- Art & Design, Design Technology & IT

WORK EXPERIENCE

2018 - PRESENT
Stonebridge
UI/UX Designer & Developer

- Serving as the sole UI/UX developer, leading the development and evolution of a Sass-based design system built on Bootstrap. This work has streamlined front-end workflows, reduced development time by around 50% and improves reliability across the product.
- Working closely with front-end developers to implement the design system across the Revolution app and maintain clear, scalable guidelines to ensure consistent UI delivery.
- Translate stakeholder goals - such as improving onboarding or increasing feature discoverability - into practical design concepts, interactive prototypes, and production-ready solutions.
- Collaborating with product, design, and engineering teams to ensure smooth delivery, feature compatibility, and alignment throughout each stage of the project lifecycle.

2018
MVAD (Murphy Varley)
Graphic Designer

- Created branding concepts, visual identities, and marketing assets for automotive clients.
- Collaborated with a small team of designers and developers to deliver cohesive, high-quality creative work.

SKILLS

Design:
- Adobe Creative Suite (InDesign, Illustrator, Photoshop, XD, Bridge)
- Figma

Development technologies:
- HTML
- CSS,
- JavaScript
- jQuery
- Bootstrap Framework
- Sass
- Visual Studio
- Git
- VB,
- C#
- MVC,
- Telerik Framework

Project Management:
- Agile methodology
- Azure
- DevOps

2017 - 2018
FSE Design

Graphic Designer

- Designed marketing materials for schools, including prospectuses, print advertisements and website layouts.
- Took on senior design responsibilities, overseeing print production, ensuring brand consistency and managing team workloads to meet deadlines.
- Brought Adobe XD into the studio workflow, improving digital design efficiency and helping to create design systems that sped up web design projects.
- Played a key role in the company's growth, which supported the hiring of additional developers, a Sales Manager and a Studio Manager.

2014 - 2017
Bluestep Solutions

Graphic Designer

- Worked alongside the lead designer, creating a wide range of digital and print assets, including branding, campaign materials, websites, social graphics, event collateral and fundraising materials for major charitable and public-sector clients like Red Cross, RSPCA and the NHS.
- Introduced digital design as a new service offering, expanding the company's capabilities and bringing in new clients and larger-scale projects.
- Helped establish the company's first development team and supported the growth of both the design and development teams, which tripled in size within two years.
- Contributed to significant business growth, with revenue increasing from £100,000 to nearly £1 million within two years.

2012 - 2014
Jellyfish Creative & Yellow Jelly (6 months at each)

Intern Designer

- Assisted senior designers with various design tasks, including image editing and layout design.
- Gained experience working with Adobe Creative Suite software
- Gained experience working with clients and how the process worked from start to finish

SKILLS CONTINUES

Soft skills:

- Communication (Written & Verbal)
- Collaboration
- Problem-Solving
- Stakeholder Management
- Time Management
- Adaptability

INTERESTS

Outside of work, I'm a proud dad to my daughter. I enjoy playing guitar, performing with my local ukulele orchestra, watching rugby, staying active, and spending time gardening or drawing to relax.
